

NOTRE DAME TRUSTWORTHY AI LAB FOR EDUCATION SUMMIT

The Trustworthy AI Lab for Education Summit (TALES) at Notre Dame rallies an international community of psychologists, computer scientists, learning scientists, ethicists, education researchers and practitioners, and industry leaders to decipher how to build and harness effective and trusted AI solutions for education.

Speakers:

Ryan Baker, University of Pennsylvania
Hua-Hua Chang, Purdue University
Yiran Chen, Duke University
Kristen DiCerbo, Khan Academy

Josep Domingo-Ferrer, Universitat Rovira i Virgili
Wayne Holmes, University College London
Todd Mahler, Edmentum Inc.
Alina von Davier, Duolingo
